Approval Letter

Dear Mr. Alain Richard,

We are pleased to inform you that Umwalimu Sacco has approved your project **"SmartBank AI – A Smart Digital Banking System with AI-Based Risk Detection and Notifications."**

Scope of Approval:

You are authorized to:

- Develop a Smart Digital Banking System utilizing AI for security and user experience.
- Implement features like secure login with 2FA, real-time transactions, fund transfers, spending analysis, and AI-powered fraud detection.
- Integrate AI-powered fraud detection using machine learning to analyze transactions, detect anomalies, assign risk scores, and send real-time notifications.
- Develop an admin panel for monitoring transactions and managing flagged accounts.

Conditions:

1. Securely store all user data in compliance with privacy regulations.
2. Ensure the AI fraud detection system is rigorously tested for accuracy.
3. Provide regular project updates to our team.
4. Use simulated data for testing in accordance with financial regulations.
5. Coordinate any additional resources with our liaison officer.

We commend your initiative in tackling financial security challenges and look forward to supporting your project.

Best wishes,

Tuyishime Eric
Manager
Umwalimu Sacco
